CAREER OBJECTIVES

I would like to be an intelligent and presentable individual, with an out-going likable personality and an ability to work effectively as part of a team as well on own initiative. I am able to communicate with people at all levels and get them to visualize my intentions. I always enjoy a challenge, and can work well under pressure. With my knowledge and skills I am interested in work as a software Engineer.

I am looking for an ambitious company which will challenge my developer and problem solving skills and allow me to continue to develop my knowledge.

EDUCATIONAL QUALIFICATIONS

Higher Education:

- ♦ Bachelor of Science in **Computer Science and Technology** Faculty of Science and Technology, Uva Wellassa University (undergraduate 400 Level).

Secondary Education:

- ♦ Passed G.C.E Advanced Level Examination (2010)
Combined Math's – B, Chemistry – B, Physics – C
- ♦ Passed G.C.E Ordinary Level Examination in 2006

PROFESSIONAL QUALIFICATIONS

- ♦ Followed Sun Certified Java Programmer (SCJP - 6) in COMRA Advanced Technical Studies, Badulla, Sri Lanka.

PROJECT WORKS

- ♦ **A Smart Health Consulting System as a final year Research by using ASP.NET, C#, and Arduino Mega2560, RFID Reader with Tags & GSM Module.**

RFID based smart consulting system would allow fast identification, record update and transactions in the organization. The RFID readers are provided with quick access and the waiting time to meet a particular doctor is also reduced. so that Computerize the consulting system for inspire the patients & provide the quick access of patient's details to the doctors. The goal of this research is to enable patients to share their confidential details by increasing the trust on doctors. Therefore I provide a RFID based software solution for consultation in health care organization.

- ♦ **Developed an embedded based system Magic synthesizer as a third year group project by using C, C# and Arduino Mega2560, Ultrasonic sensor & SD-Module.**

Magic Synthesizer is kind of a virtual musical instrument that uses signals generated by the sonar sensors as the strings of a musical instrument. By restricting the signals by using hands it allows to play musical notes. Seven sensors are used to represent basic musical note and variation of each note is achieved by the changing the restriction of each signal. This has the ability change the type of instrument.

- ♦ **Developed an Android Application called CF7- Android Application for text filtering from an image as a Second year miniproject by using Android, Tesseract library, NDK for Android.**

In some case, we want to get some pictures for remembering some information. But it to use again as a text. As a solution for this problem we are developing our system to filter text from those images, and then we can use text as we want such as send sms text, text to speech facility and save text in database for future works.

- ♦ **Developed an Application called Bank Management System in C language.**

We developed as mini project in C bank management system. It is complete and totally error-free. This project is focused on customer account services in bank, Here, you can create a new account, update information of an existing account, view and manage transactions, check the details of an existing account, remove existing account and view customers' list. Overall, with this project, you can perform banking activities like in a REAL bank. Bank management mini project in C is a console application without graphic. It is compiled in Code Blocks with gcc compiler.

AREAS OF EXPERTISE

Languages	: Java (OOP), C, C#
Web Development	: PHP, CSS, HTML, JavaScript, jQuery
Database	: MySQL, MS Access, SQL Server
IDEs	: NetBeans IDE, Eclipse, Visual Studio
Analytical Skills	: UML, ER Diagrams, Class Diagrams
Operating Systems	: Windows, Linux, Windows Server, Ubuntu Server
Web Development Platforms & Application Servers	: WAMP, XWAMP, Tomcat

FIELD OF INTEREST ACCORDING TO PRIORITY

- ✦ **Software Development**
- ✦ **Web Development**
- ✦ **System administration**

LANGUAGE SKILLS

- ✦ **English** (fluent in Speak and write)
- ✦ **Tamil** (native language)
- ✦ **Sinhala** (fairly Speak and write)

EXTRA CURRICULAR ACTIVITIES

- ✦ Member of **RUGBY** Team, Uva Wellassa University.
- ✦ Member of Interact Club, Jaffna Hindu College, Jaffna.
- ✦ Member of English Union, Jaffna Hindu College, Jaffna.
- ✦ Participated the “**Jaffna IT Week**” organized by SLASSCOM, and supported by the Information and Communication Technology Agency of Sri Lanka (ICTA).

PERSONAL SKILLS

- ♦ Have good leadership skill to motivate team members towards the Intended goal of the organization.
- ♦ Have a good communication skills to deal with any situation arises Within the working environment.

PERSONAL DETAILS

Full Name : Senpahavarathansenathirajah Sathiyam
Name with Initials : S.Sathiyam
Permanent Address : No 12, kumarasamy Road, kantharmadam, Jaffna
Date of birth : August 17, 1990
NIC : 902302565v
Gender : Male
Civil Status : Single
Nationality : Sri Lankan
School Attended : Jaffna Hindu college, Jaffna
