

Madushika Darshani Gamage

madushika0089@gmail.com | +94 71 5109148 / +94 78 5367614

PROFESSIONAL PROFILE

An energetic and competent bachelor of Computer science and Technology undergraduate, who is willing to take responsibilities and face challenges. Extremely self motivated and having excellent interpersonal skills, encouraging team work and working professionally with customers and the team, maintaining the working relationships. Possessing persuasive and impressive presentation skills and willing to meet targets and deadlines accordingly while striving for the smart solution.

OBJECTIVE

Seeking for a challenging internship opportunity, which help to develop existing talents and skills while empowering for future career development with the growth of the attached organization.

EDUCATIONAL QUALIFICATIONS

Undergraduate of **Bachelor of Science (Special) in Computer Science & Technology**

Uva Wellassa University of Sri Lanka | Faculty of Science and Technology, | Department of Computer Science and Technology |2011 to 2015

Related Course Modules:

- | | |
|---|--|
| ○ Software Design Patterns | ○ Software Engineering and Quality Assurance |
| ○ Neural Network | ○ Data Mining |
| ○ Object Oriented Programming | ○ Human Computer Introduction |
| ○ Web Development Technology | ○ Artificial Intelligent System |
| ○ Cryptographic Systems | ○ Distributed and Parallel Computing |
| ○ Data Communication and Networking | ○ Rapid Application Development |
| ○ Database Management System | ○ Middleware Architecture |
| ○ Device Interfacing and Embedded Systems | ○ Computer Systems Architecture |
| ○ Data Structures and Algorithm | ○ Object Oriented Analysis and Design |
| ○ Micro Computer Architecture | ○ Operating Systems concepts |
| ○ Multimedia and Hypermedia | ○ Digital Image Processing |
| ○ Structured Programming | ○ Broad General Subjects |

- Mayurapada Central College, Narammala: 2000 to 2008
 - GCE Advanced Level | 2010 | Index No: 5555272

Biology	- B	Physics	- S
Chemistry	- C		
 - GCE Ordinary Level | 2005
7A Passes 2B Passes & 1C

RESEARCH AND PROJECTS

- Final year undergraduate research - **Pronunciation Training System To Enhance Sinhala And Tamil Language Skills** using Visual studio 2012 and C#, Matlab and Fast Fourier Transformation, to be presented at research symposium | 2016

This system will let user to select the language for pronunciation testing, and it will let the user to hear exact pronunciation and to identify mistakes by comparing it with the system. After testing the candidates can see the accuracy of his pronunciation as a percentage. Finally it will provide score for the user. System will intended to test pronunciation for Sinhala and Tamil languages. That means the system will able to check whether, Tamil person pronounce Sinhala words correctly and vice versa.

Make better pronunciation testing system for both Sinhala and Tamil, can be used in wide application areas. It will be applicable in all over the world, who wants to learn Sinhala or Tamil. After Further testing it can be recommended as a teaching material for school children and language training courses. The system would be preferably accepted by today's society, because it contains the advantage of time saving and can be learn in stress free environment.

- Third year group project - **Hospital Management System** using Java, MySql | 2014

This is the system where the user can Schedules surgeries for multiple operating rooms. There is no limit to the number of rooms you want to book. It allows the user to define the exact schedules for each operating room by day. All the details are going to maintained and updated in a central database. Surgeons and Staffs will receive reminder via the email and the SMS alerts regarding the scheduled operations. This system offers multi-room view, individual room detailed view by day, weekly view and monthly view for operating rooms. By this system user can efficiently assign staff to surgeries such as surgeon, anesthetist, nurses, assistants and etc.

It will check the availability of the staffs and the time slot to which the staffs are assigned previously before assigning to other operations. Scheduler supports multiple reasons (multiple surgeries) for a patient where the accumulated time to be spent on the particular patient will be calculated automatically. Staff scheduling is one of the features of this system which allows you to maintain schedules for any length of time for all staff. The range can be created and deleted. Medication details also will be maintained in a database where the user can customize it. Details regarding the medication also updated in this database.

- Second year mini project - **Online Game for Primary School Children** using CSS, PHP, HTML5, JavaScript, MySql | 2013
 - Parents can be aware about their children's status. Also they can know whether the child is involving in the gaming process or in another activity.
 - They can improve their speeds and knowledge, level wise.
 - They can gain knowledge in different categories.
- **Student Management System**- Using Java and MySql

PROFFESIONAL QUALIFICATIONS

- Followed Sun Certified Java Programmer (SCJP - 6) in COMRA Advanced Technological Studies, Badulla, Sri Lanka(2012)
- Followed .NET Software Development Course(Industry Oriented) in e-Acadamy (2015)

EXTRA CURRICULAR ACTIVITIES

- Active member of University Computer Society
- Active member of university Environmental Society, “Nirudakayata Diya Podak”
- Active member of University Art Club
- “LAN Challenge” Organizing team member (2014)
- Participated IEEE Awareness Program (2015)
- Active member of School Science Society
- Active member of school Astrology Club

TECHNICAL PROFICIENCIES

Programming Languages	: C, Java, HTML, C#, CSS, PHP, JSP, VB.Net, Prolog
DBMS	: MySQL, MS Access, average knowledge on DB Derby
IDEs and Database Tools	: Netbeans, Eclipse, phpmyadmin, Visual Studio 2012, MySQL Administrator, ORM tools (hibernate).
Web Designing Tools	: Average knowledge on Adobe Dreamweaver, Flash and Photoshop
Working Platforms	: Windows 7/2000/XP, Linux(Ubuntu)
Statistics Tools	: Minitab 14

PERSONAL ATTRIBUTES

- Excellent communication and presentation skills
- Team work
- Motivated, driven and focused on achieving goals
- Well organized, eager and pro-active
- Statistical skills.
- . Want to learn at all time and be updated with the world

PERSONAL DETAILS

Full Name	:	Gamaralalage Madushika Darshani Gamage
Address	:	No – 62, Kossinnawatta, Maharachchimulla
Date of Birth	:	10 th of November 1989
Gender	:	Female
Civil Status	:	Single
Nationality	:	Sri Lankan
NIC Number	:	898153266 V
Linkedin	:	lk.linkedin.com/in/MadushikaGamage

HOBBIES AND INTERESTS

- Reading
- Listening to Music
- Traveling
